Adaptability

PROFESSIONAL EXPERIENCE

The Sparks Foundation (Web Development Intern)

03/2023 - 04/2023

- Developed a responsive website for a prominent banking system. Leveraging my expertise in HTML, CSS, JavaScript, and Bootstrap.
- Collaborated with UX/UI team to design an appealing, user-friendly interface for the banking system website, resulting in a 25% decrease in bounce rates.

PERSONAL PROJECTS

Shortcut Jump Game

01/2023 - 04/2023

- Created a dynamic jump game using Python, Pygame, and MySQL, incorporating a top 3 player rank system.
- The player's goal is to protect themselves from enemies while collecting coins to achieve the highest score.
- Player should also get ready to take risk on moving tiles.

College Management System

02/2021 - 03/2021

- Designed and developed a comprehensive college management system with Python and Oracle database, streamlining administrative processes for student enrolment, course registration, and fee payment.
