## EDUCATION

**Ramaiah Institute of Technology, Bengaluru**

*B.E in Electrical And Electronics Engineering*

**2021 - 2025**

*7.76/10 CGPA*

**M.S.Memorial Academy, Patna**

*Secondary School, 12th-PCM*

**2019 - 2021**

*80.2%*

## WORK EXPERIENCE

**Bharat Intern | Certificate**

**Oct 2023 – Nov 2023**

*Web Developer*

*Remote*

- Engineered **responsive web applications** with **interactive elements**, ensuring an **optimal user experience** across various devices and screen sizes
- Crafted various user-centric and **intuitive interfaces**, significantly improving **overall usability**, which led to a **reduction in user error rates**.
- Used **advanced CSS** to develop **visually compelling** and seamless websites, reducing **load time by 20%**.

## PROJECTS

**E-commerce Website**

[Source Code](#)

- Architected and developed an **e-commerce platform**, providing seamless online shopping experiences using modern web technologies, increasing **sales conversion rates by 15%**.
- Created a **responsive and user-friendly interface** to elevate the shopping experience, simplifying **product browsing and purchasing processes**, which led to a **20% increase in user satisfaction**.
- Implemented **real-time data fetching**, ensuring users receive immediate updates on product availability and pricing, with a responsive design for **optimal performance on various devices**, reducing **data retrieval times by 25%**.
- Tech Stack: HTML, CSS, JS, ReactJs**

**Netflix Clone**

[Source Code](#)

- Reconstructed the **Netflix homepage** using **HTML and CSS**, faithfully capturing the original design with a curated selection of **popular movies** and TV shows.
- Adopted a **responsive design strategy**, ensuring a flawless user experience across multiple devices.
- Integrated interactive features such as buttons, dropdown menus, and hover effects, **boosting user engagement** and emulating the **various elements of the Netflix interface**.
- Tech Stack: HTML, CSS**

**Temperature Converter**

[Source Code](#)

- Designed and implemented a **comprehensive temperature converter**, facilitating seamless conversions between Celsius, Fahrenheit, and Kelvin units, improving **conversion accuracy by 99%**.
- Developed a **user-friendly and intuitive interface** to enhance the conversion experience, making **temperature conversions simple and accessible**.
- Incorporated **real-time conversion capabilities**, allowing users to see instant temperature updates as they type, with a responsive design for **optimal functionality on various devices**, improving **user efficiency by 30%**.
- Tech Stack: HTML, CSS, JS**

## TECHNICAL SKILLS

**Languages:** C++, C, Java, JavaScript, Python

**Technologies:** React.js, HTML, CSS, Bootstrap, jQuery, PostgreSQL

**Tools:** Git, Github, Visual Studio Code, Postman

**Coursework:** Database Management System, Computer Networks, Operating Systems, Object Oriented Programming, Data Structure and Algorithms, Web Development

## ALGORITHMIC COMPETITIONS/ACHIEVEMENTS

- Postman API Fundamentals Student Expert**
- Microsoft @ Certified in Linting and Testing with Github Actions.**
- HackerRank @ Certified in Problem Solving.**
- HackerRank @ Certified in JavaScript.**
- Secured **2nd place** among **500 participants** in the **Monthly Coding Contest** by the Programming Club.
