Experience

March 2022 - Present

ParallelDots | Bangalore, Karnataka

Project Coordinator

- Assisted in Implementing **AI based Image recognition solution** for **CPG clients** and helped them in increasing their retail execution.
- Streamlined the process of developing an **AI model** in order to build an efficient **Image Recognition (IR) and Optical Character Recognition (OCR)** solution for clients. (Also managed a team of 5-10 in coordinating with the process)
- Prepared analytics cases for **KPI calculations (Share of Shelf, On Shelf Availability, Planogram & Asset Compliance)** as required by **CPG clients**, and tested those cases in coordination with the technical team for producing sanity in the **Data analytics** derived from the AI Model.
- Effectively utilised **JIRA** to keep track of all activities and implemented multiple sprints to derive quality solution for deployment.
- Conducted multiple test phases on the in-house tool in **Dev, Stage & Prod (as required)** after each modification/updates, and finally assisted in publishing the same in the Production phase.
- Aligned with both **Data science and Technical team** to meet with the project delivery timeline.
- **Conducted interviews** for hiring fresh recruits for Project coordination role. Also, conducted **onboarding** for the newly hired candidates.
- Served as a single POC for major **CPG clients like British American Tobacco, ITC** etc, and worked closely with their leadership team in **developing quality solutions for stabilizing their process**.
- Conducted **user training and client onboarding**.
- Efficiently handled **Change Management Request** by channelizing constructive **Stakeholder Engagement** while implementing the updated process flow.
- Created **wireframes of the Dashboard/App UI** as per the client requirements and translated the same with the development team.
- Conducted end to end **API and Deeplinking test** for delivering seamless user experience.

May 2021 - September 2021

Tekie | Bangalore, Karnataka

Success Manager

- Performed **initial on-boarding** of customers and ongoing engagement throughout the customer's lifetime.
- Conducted **periodic customer health to asses customer satisfaction**.
- **Managed and trained** mentors to ensure quality in their teaching
- **Improved user experience** by working along with product and marketing team.
- **Account escalation** to alerts and red flags.
- **Streamlined the current user journey** by focusing on the major touch points and improving the same.
- **Managed a team of 3-5** and produced quality deliverables by working alongside with the team.
