EDUCATION

Indian Institute of Information Technology, Bhopal

December 2020 - May 2024

Bachelor of Technology, Information Technology

CGPA: 9.30/10.00

EXPERIENCE

AwesomeSuite

Remote

React Developer Intern

May 2022 - October 2022

- Implemented **React.js** and **Redux** for robust state management in the calling and dashboard UI, **enhancing efficiency by 70%** with seamless one-to-one conversations, contact display, call records, and control features such as hold, mute, and record
- Integrated the **Message API** and **Block Service API**, enabling users to block specific mobile numbers, including those with **10+ country** codes, while allowing float calling for uninterrupted navigation during calls, significantly improving user experience
- Enhanced user communication by seamlessly integrating **Twilio APIs** for call handling and the Auto Reply Service, achieving a remarkable **30% improvement** in notification delivery efficiency, ensuring timely updates for users who are unable to respond

PROJECTS

FLIPHO_CHAT_ROOM — *ReactJS, MongoDB, ExpressJS, NodeJS, ChakraUI, Socket.io, Bcrypt.js, Jwt* [GitHub](#) | [Website](#)

- Developed a real-time chat application with interactive home, chat and profile page delivering a comprehensive social experience
- Implemented secure communication in the chat application through **AES encryption** with **CryptoJS**, **JWT** authentication Middleware, and **bcrypt.js** for robust encryption to fortify the platform's security, privacy and safeguard user information
- Managed a user base of **20+ individuals**, facilitating group chats with admin access, personalized one-to-one conversations, active user status, typing indicators for ongoing messages, search functionality, and real-time communication through Socket.io

ARON-HOTEL BOOKING — *ReactJS, MongoDB, ExpressJS, NodeJS, MaterialUI, Bcrypt.js, Jwt, Redux* [GitHub](#) | [Website](#)

- Created a seamless hotel booking website with CRUD functionality, enabling users to browse rooms, make bookings, while leveraging **Cloudinary** for efficient hotel image storage and utilized **JWT**, **bcrypt.js** to fortify authentication and encryption
- Crafted a user-friendly interface with a search bar for specifying over 20 city destinations and dates, alongside a price range filter for refining hotel search results. This led to seamless navigation and enhanced booking experience
- Improved backend functionality to handle date collisions, resulting in a **30% reduction** in booking conflicts and enabling real-time notifications for a seamless booking experience and timely availability updates

PORTFOLIO WEBSITE — *ReactJS, Material UI, SASS, Tailwind*

[GitHub](#) | [Website](#)

- Showcased a responsive and engaging portfolio website with **React JS**, leveraging **Tailwind CSS** for a polished user interface
- Constructed the portfolio with reusable components like the card component on the project page, ensuring easy future updates

SKILLS

- Programming Languages/Paradigms:** C, C++, Python, SQL, JAVA, JavaScript
- Web Development:** HTML, CSS, FIGMA
- Frameworks:** React, Bootstrap, ExpressJS, NodeJS, Tailwind CSS, React Native, Redux, Sass, NextJs, Spring boot
- Platforms:** Linux, Git, Github, MongoDB, Netlify, Heroku, MySQL, Vercel
- Soft Skills:** Effective Communication, Leadership, Teamwork

ACHIEVEMENTS

- Submitted 8 successful pull requests during Hacktoberfest 2021, enhancing site performance with new features and bug fixes
- Secured the Department **Rank 1** in the 1st semester of the B. Tech program (SGPA: 9.5/10)
- Solved **600+ questions** across platforms like Leetcode and GFG, demonstrating dedication and strong analytical abilities

POSITION OF RESPONSIBILITY

Web Development Lead - CODAME IIIT Bhopal | [Website](#)

September 2022-August 2023

- Led a **3-member team** in developing **CODAME's official website**, overseeing task allocation for efficient implementation
- Optimized website performance by resolving bugs, deploying error-free updates, and maintaining high code quality and functionality using **Next.js** and **Tailwind CSS**, resulting in a **20% improvement** in page load times, enhancing user experience

Member of Web Development Team - CODAME IIIT Bhopal

April 2022 - September 2022

- Executed the development of CODAME's official website at IIIT Bhopal as a frontend developer within a team

Club Secretary - GNU/Linux Users Club

September 2021-August 2022

- Spread awareness about **GNU** and **free and open-source software** to more than **100 students**, emphasizing collaboration
- Conducted hands-on Linux workshops, guiding students to explore diverse functionalities and commands. Resulted in a **30% increase** in students' troubleshooting skills, encouraging skill enhancement
