

PROFILE SUMMARY

Technical Program & Engineering Management Leader with 13+ years experience. Proficient in bringing order to chaos, scaling hybrid teams & influencing at all levels (including CXOs) to drive strategic, complex programs.

- High Ownership and Growth Mindset
- 1st Principal Thinking & Data driven Problem Solving

PROFESSIONAL EXPERIENCE

Khatabook, Bengaluru

Lead Technical Program Manager (2020-Present)

- Setup TPM vertical as **1st TPM** of Organization; recruited & onboarded 7 TPMs across squads. Directly managed & mentored 4 entry-level TPMs (Level I) & enabled them to own wider program charters; coached 2 of them to their promotions to TPM II.
- Directly managed 5 products/ squads: Khatabook App (across Android, iOS, Web platforms), Platform Services, Internal Products, Data Science & Data Engineering. Set up sprint processes & streamlined protocols for cross-pod collaboration.
 - Worked with Tech leadership (CTO, VP & Engineering Managers) on Tech roadmap planning & delivery, engineering best practices, performance reviews & team restructuring based on Org OKR /roadmap.
- Worked with CPO, COO & Tech Leadership for launching '**Khatabook Desktop SaaS**' Monetization Product:
 - Led product development with beta launch in 4 months with 8 engineers & 3 QA
 - Led **GTM** roadmap calls with cross-functional collaboration (Product, Marketing, Sales, Customer Service and Leadership) to ensure delivery on strict timelines over 10 months in phases - scaled revenue by ~16x from ~30L INR p.a. (36000 USD) to ~5 Cr INR p.a. (578000 USD) in 1 year.
 - Led Engineering<>Customer Service collaboration to optimize CS bandwidth by ~25%, reduce P0/P1 live issues by 20%/month & improve Customer Satisfaction score by ~5% in 1 quarter.
- **ISO Compliance Readiness (27001 & 27701)**: Worked with Tech Leadership to implement necessary PO controls & processes in record time-frame of 3 months without impacting speed of delivery; led bi-annual 3rd party security audits.
- **Process Excellence**: Established light-weight, efficient & ISO Compliant SDLC & 'Incident Management' leveraging continuous process improvements, Jira automations & templates/checklists.
 - Upgraded from 2 unstable releases to 4 stable releases/month & zero rollbacks over 120+ releases for Android; from inconsistent releases to ~15 stable deployments/week for Backend.
 - Enabled product & tech teams to run with minimal TPM intervention for day-to-day activities.

Awards: '**Most Versatile Player**' (top 1%); '**Exceeding Expectations**' rating across 5 appraisals

ClassKlap (Ed-Tech), Bengaluru

Senior Program Manager (2015-2019)

- Worked with CEO & co-owned product portfolio (print & digital SaaS) with an 80 member team (across 5 locations); Minimized print errors by ~92% & delivered on timelines with 30% reduced manpower
- Headed initiatives to reduce product manufacturing cost by 14% via optimizing on product specifications.
- Collaborated with Sales to increase ARPU by 20% & overall revenue by 30% (improvements/new launches)

ITC Limited (Gurgaon, Kolkata, Bengaluru)

Project Manager (2010-2015)

- Cross-functional project management for 3 Mixed-Use Construction Projects worth ~INR 1300 Crores. Led green building platinum initiatives to achieve ~\$7.5 million USD Savings.
