

Chandan S

Full Stack Developer/Backend Developer

Mobile: +91-9535841894

Email: chandan.shivaram11@gmail.com

LinkedIn: Chandan S

SKILLS SUMMARY

- **Programming Languages:** Proficient in **Python, JavaScript, SQL, C++** , **HTML5, CSS3, Javascript**
- **Framework:** Experienced in **Django, Vue.js, Bootstrap, Tailwind CSS**
- **Caching and Message Queue:** Experienced with **Redis, Celery** for distributed task processing
- **Database:** Proficient in **MySQL**
- **Cloud/Deployment:** Familiar with **Docker, Kubernetes, Nginx, CI/CD, Azure, Microservice**
- **Version Control System:** Proficient in **Git**
- **Tools:** Proficient in **MySQL Workbench, VS Code**; Familiar with **Docker tools, Jupyter Notebook, Jira**
- **Technical Knowledge:** Applied understanding of **Data structures and Algorithm(DSA)**, **optimizing code efficiency, OOP (object oriented principles), Multithreading and Synchronization**
- **Soft Skills:** **Team Collaboration, Problem Solving, Adaptability, Quick Learning**
- **Coding Profile:** **Leetcode, GeeksforGeeks**

EXPERIENCE (2.3 YEARS)

- **Associate Application Developer (Data-Labs Landmark Group)** On-site, Bangalore
July 2023 - Present
Senior Executive
 - Understanding of programming fundamentals & their application to highly scalable web-based systems. Led the development of a Fashion Forecasting Tool for a 1 billion dollar industry. Utilized Python Django server-side interactions **RESTful APIs**, **JWT Tokens**, and **MySQL** for backend development, while employing **Vue.js** for frontend components, **Microservice**.
 - Deployment and optimization of the application within an **Azure Kubernetes** cluster, ensuring scalability, **Database Schema Design** and superior performance and mentored Juniors by assisting and helping.
- **Trainee Application Developer (Data-Labs Landmark Group)** On-site, Bangalore
July 2022 - June 2023
Executive
 - Independently eliminated dependencies on the Kibana ELK dashboard and crafted custom internal dashboards. Established a robust system with **Role-Based Access Control (RBAC)** and unmatched computational flexibility for **Max Fashion** and **Splash**.
 - Demonstrated efficiency by rapidly implementing changes and resolving bugs, ensuring the timely realization of the application.
 - Pioneered the development of a **Margin Maximization Application**, seamlessly integrating data science models into the backend. Simultaneously, engineered **REST APIs** and designed intuitive frontend UI components.
- **Internship (Data-Labs Landmark Group)** On-site, Bangalore
Jan 2022 - June 2022
Application Developer
 - Resolved critical bugs in the application, demonstrating problem-solving skills and contributing to the overall stability of the software.
 - Implemented a key feature that significantly enhanced the application's functionality, showcasing the ability to drive positive changes and improve user experience.

PROJECTS

Tech: **Vue.js, HTML5, CSS3, JavaScript, Django, MySql, Python, Docker, Azure Kubernetes Cloud, CI/CD, ORM**

- **Fashionext: A fashion forecasting tool guiding buyers on product relaunch decisions and quantities.**
Integrated Product Lifecycle Management (PLM) for efficient control over the entire product lifecycle :
- **PriceScope: A markdown application designed to calculate and recommend optimal markdown percentages at the phase level, facilitating precise and data-driven pricing decisions.:**
- **Data360: A cross-platform application integrating with Azure PaaS database for streamlined data operations (download, view, query) catering to Project Management Systems (PMS), Business Relationship Managers (BRMs), and developers. :**

ACHIEVEMENTS

- **Rising Star Award, Landmark Group**
- **Season's Diamond, Landmark Group**

EDUCATION

- **RNS Institute of Technology** Bengaluru, India
July 2018 - June 2022
Bachelor of Engineering - Computer Science and Engineering; GPA: 8.6
